*Pediatric  
Equipment*

**SALES ◆ RENTALS ◆ REPAIRS**

**Children & young adults with special mobility needs require unique equipment to maximize their comfort and independent function. Care Medical help you find the equipment that fits your child's individual needs.**

**— MANUAL & POWERDRIVE WHEELCHAIRS —**

Designed specifically for children that offer grown up power and performance in a kid's size for use in the classroom, playground and beyond. Exceptional versatility and adjustability allow these wheelchairs to grow with kids to meet their changing needs.

**— WALKING & STANDING AIDS—**

Walking aids (walkers, crutches, gait trainers, etc.) provide support and stability allowing children to begin exploring their world in a standing position and move around more independently.

Standing aids promote correct alignment of the trunk and lower extremities giving children who would otherwise be wheelchair-bound an opportunity to engage with others in an upright position promoting greater independence and confidence.

**— TOILETING & BATHING SYSTEMS —**

Adjustable pediatric bath positioning chairs & seats give stable support wherever it is needed while bathing or showering.

The versatility of pediatric toileting systems allow you to adjust and modify the unit as your child learns and grows.

**CARE MEDICAL IS YOUR "PARTNER IN CARE"**

Care Medical & Rehabilitation Equipment is a family-owned and operated company that has been providing quality home medical & respiratory equipment and services in Oregon and Washington since 1970.

**— Our commitment to extensive, personalized service is the cornerstone of our business —**
